Summer Campers at Building Blocks will create visual art projects exploring a variety of materials and techniques: Creative Art, Drawing, Painting, Photography, Pottery, Printmaking, 3D Art, Woodworking, etc.

A daily GREEN HOUR® will provide children with unstructured play and interaction with their natural environment (Highland State Recreation Area). Children will enjoy weekly field trips to local county, state and metro parks for a variety of eco-adventures and environmental education programs.

Summer Campers are provided with a cooperative environment where children learn together, make choices together and grow together as friends. It is these traditional camp elements that we emphasize and integrate with our high quality programming that ensures Building Blocks Creative Art and Outdoor Adventure summer campers will have a well rounded camp experience that builds memories for a lifetime.
